

## TRACK, SHOP AND OFFICE

### BIG CHIEFS GATHER IN CHICAGO

Harriman's Experts Moving From  
All Points in the  
Land.

GENERAL MANAGER MARKHAM of the Southern Pacific passed through Ogden yesterday en route to Chicago, where he will meet Mr. Kruttschnitt and others in the general operating conference. General Superintendent Buckingham and Chief Engineer Ashton, accompanied by Mr. Bancroft and Traffic Manager Schumacher, left yesterday for the same place. It is evident that the conference will include all the big chiefs of the system, and that important matters will be discussed. General Manager Mott of the Union Pacific will go to Chicago from Omaha, and others from the Eastern lines will no doubt be in attendance.

### VERY SMALL BRIDGE CAUSES TROUBLE

Burning Bent on the Rio Grande  
Delayed Trains in Both  
Directions.

THE burning of an ordinary bent is not unusual, but sometimes it may result in a delay to trains over a railroad. Down near Green River early yesterday morning some tramp or a passing locomotive set fire to a small wooden bridge spanning a mere ditch, but small as was the damage it caused trouble for the road. Trains 5 and 4 had to transfer their passengers, and so did 1 and 6, which took considerable time and was the reason for the delayed trains yesterday. As both eastbound trains were crowded with passengers, it meant quite a colony walking home to the city.

General Superintendent Young and Bridge Supervisor Thompson went down on a special early yesterday morning ahead of No. 6 to look after the work of instant repairing and transferring the crowds. By last night they had a new bridge put in and everything running smoothly.

**Voting Trust to End.**  
NEW YORK, June 4.—No effort will be made to extend the voting trust of the Wisconsin Central, which lapses on July 1. The trust was created in July, 1899, and was to run for approximately five years, unless it should be terminated at an earlier date by the action of the trustees themselves. An official circular has been sent to the stockholders, notifying them to deposit their trust certificates on and after July 1 for conversion into stock. It is not known who will control the railroad after the dissolution of the trust.

**Railroad Notes.**  
The Fairmount Coal company, in which the explosion occurred yesterday, is the company of which W. G. Sharp is the New York representative.

The San Pedro has another big baseball excursion to Tintic today.

General Superintendent H. S. Kerr of the Sanpete Valley returns to Manti today.

General Agent Elliott Marshall of the Burlington has been moved to Leavenworth and the office of Assistant General Freight Agent Maxwell has been moved to St. Joseph owing to the growing importance of that river point.

Trackage on the San Pedro recommended yesterday.

Messrs. Balch of the San Pedro and Brewer of the Short Line, with Mrs. Balch and Mrs. Brewer, will take a run down to Mercur today.

General Agent Valley of the Burlington will be here next week to join Mrs. Valley, who has been visiting her parents.

Eastbound trains are carrying many extra sleepers these days.

The Short Line has an Ogden excursion today.

The Rio Grande has two excursions today, one to Canfield and the other to Provo canyon.

E. W. Gillett of the San Pedro is expected from Los Angeles next week.

Commissary Groups of the Short Line dining car service is down from Pocatello.

H. S. Stinson of the Nickel Plate was here yesterday.

Sunset still holds its place at the head of the railroad passenger department publications, although several have copied the idea.

The diners running out of Salt Lake are giving great satisfaction to the passengers, and the Utah article is said to prove more popular than the California-grown stuff.

**HIGH SCHOOL CADETS  
HOME FROM THE WAR**

Camp was broken at Lagoon yesterday morning by the high school cadets and after inspection of various departments the boys enjoyed the pleasures of the resort during the day and came home last evening, thus ending a very profitable week of military life "in the field." Much had weather was encountered during the week at Camp Eaton, but it seemed to serve only to give more life to the drill and parade and other military maneuvers and the encouragement proved the greatest possible success.

The proposed game of ball on alumni day was declared off on account of the rain, but the field sports were run off in the presence of a large crowd, the following being the summary of the events:

100-yard dash, Judson company C, first; Bassett, company D, second.

Three-legged race—Leaver and Palmer, company A.

Hop, skip and jump—Won by Higson.

Hurdle race—Shores, first; Olive, second.

Pole vault—Judson, 50-yard dash; Shores, first; Harris, second.

Tug of war—A from C and D companies, C from B and D, finals today between A and C.

A highly creditable exhibition battalion drill was given Friday night, followed by the retreat parade, when the cadets were reviewed by Lieut.-Col. J. A. Greenwald of the National Guard, who was accompanied by Capt. L. W. Snelitzer, Lieut. Bassett, Bull and Haasling.

### SALT LAKE CITY TO PITTSBURG

Gould's Through Line Will Be Opened  
for Traffic in Three Weeks  
From Today.

FROM Salt Lake City, Utah, to Pittsburgh, Pa., over tracks owned by George Gould. That is what it will be three weeks from today, Sunday, June 26, when the Wabash line into the Smokey City will be thrown open to freight and passenger traffic by Joseph Ramsey, Jr., president of the line, and one of the brainiest lieutenants Mr. Gould has on his staff. It has been a long and hard fight to get into the city, but Gould has won, and the Pennsylvania has had to go away back and take to the siding. For a while the Western Union has been brought into the fight and its line thrown off the Pennsylvania, so bitter was the feeling of the older company, but with all the opposition Gould has had his way, and his line now reaches from Utah to nearly the Atlantic. In another short space of time he can step off his steam coach in Baltimore harbor and board his Maryland train, which can take him to Pittsburgh and thence westward.

The Maryland link is not built yet, but John Q. Barlow, who used to rush things down at Caliente and up near Pocatello, is at the helm, and as he is remembered as a great hustler when the general manager's O. K. is on the order, it is sure that he is building the line just as fast as graders and tracklayers and others can do the work.

When the line is complete Gould will be ready to take up his Western Pacific work and then get a line into New York. That he will do it is just as certain as the coming of day.

**\$50 IN GOLD  
COIN AS PRIZES**  
Any Boy or Girl Under 15 Years Can  
Win Generous Prizes Offered  
by "The Reavis System."

Every lad and lassie under 15 years of age will be interested in this contest for half a hundred dollars in good United States gold coin.

This splendid prize has been hung up by Mr. J. Donnan Reavis, originator of "THE REAVIS SYSTEM" of home building, to be divided among the bright boys and girls, under 15 years, who make the greatest number of English words from the letters contained in the famous advertising expression:

**"WHOSE ROOF IS OVER YOUR HEAD?"**

The occasion of this generous offer on the part of "THE REAVIS SYSTEM" is to promote interest, not only in the home building business of the donors, but also to draw attention to the excursion and picnic of THE REAL ESTATE DEALERS' ASSOCIATION, which will be held at Salt Lake June 26.

At this picnic, which promises to be the greatest ever held in Utah, the award of the prizes offered by "THE REAVIS SYSTEM" will be announced, and the prizes will be given to the boys or girls making the three largest lists of separate words. To the highest estimator goes the first prize, \$25; second largest, \$15; third largest, \$10—all in shining gold pieces.

If the winners are present at Salt Lake on the day of the picnic the additional sum of \$5 will be added to each prize, and the money will be paid from the music stand of the dancing pavilion. If, however, the winners are not present, their names will be announced June 26th in the newspapers, and the money will be paid on demand at the office of "THE REAVIS SYSTEM," 23-24 Main street.

Three prominent citizens—WILLIAM IGLEHEART, manager of the Salt Lake Herald, PERRY S. HEATH, publisher of The Salt Lake Tribune, and HORACE G. WHITNEY, manager Deseret Evening News—will act as judges, and absolute fairness will govern the awards.

The estimates, as received, will be dropped into a sealed metal box, the keys of which will be in the hands of the judges.

In order to give the judges time to inspect the estimates so as to make an announcement of the awards on the day of the Real Estate Dealers' picnic, June 26th, the contest will close June 25th at 6 p. m., and no estimates after that time will be considered.

As the estimates are received the time of arrival will be stamped upon the envelope, so as to deal out justice to all estimators.

We have endeavored to plainly state the conditions under which the prize will be given, but in order to insure absolute fairness to all of the contestants, it has been decided to append a few simple rules governing the contest, manner of awards, etc.

**RULES.**  
FIRST—Any boy or girl under 15 years of age is eligible to win the prize in this contest.

SECOND—The alphabetical letters in the six words, "WHOSE ROOF IS OVER YOUR HEAD?" may be used as often as desired, the only aim being to construct the greatest number of words from the letters contained therein.

THIRD—Plurals or possessives will not be considered new words.

FOURTH—Synonyms will be considered as new words.

FIFTH—Christian names, names of towns, scientific terms, Bible names and mathematical terms will be counted.

SIXTH—Each word must be numbered consecutively, so as to simplify the work of the judges.

SEVENTH—Use ink or typewriter in writing your estimate, and write only on one side of the paper. Ruled paper is available.

EIGHTH—In case of a tie for any of the prizes, the amount of the prize will be divided equally among the tie estimators.

NINTH—Only one estimate can be made in one name.

TENTH—The words "WHOSE ROOF IS OVER YOUR HEAD?" will not be counted as new words.

ELEVENTH—Seal your estimates in an envelope and mail it or deliver it in person addressed to:

**"THE REAVIS SYSTEM,"  
"WHOSE ROOF IS OVER YOUR HEAD?"**

**GUESSING CONTEST.**  
23-24 Main St. The Z. C. M. L's opposite Salt Lake City, close June 25th at 6 p. m.

TWELFTH—Each contestant will fill out his or her estimate in the manner stated below, and failure to do so will invalidate your claim to the prize.

**FORM OF ESTIMATE.**  
"Whose Roof is Over Your Head?"  
Guessing Contest.  
The Reavis System, Ground Floor Security Trust Building, 23-24 Main St. Gentlemen:

This is the final estimate of \_\_\_\_\_

Full name, State address plainly. Stencil copy this form in making your estimate.

**The Right and Wrong**  
Effects in straw hats can be easily seen by looking over your splendid stock. We have the right effects in various widths of brim and heights of crown.

NO INTEREST.

## FREE TO MEN OF ALL AGES.

Manly strength—strength of brain and body—is nature's highest perfected work. With it man is successful; without it, failure. Nearly all men have been fitted with a constitution fit to build such a structure upon, but through foolish dissipation have wasted the materials nature gave them. Men live too fast these days. The search for imaginary pleasure, trying to squeeze the happiness of a lifetime into a few years, exhausts the strength, and they are wrecked in man's grandest ambition—robust strength of brain and body. There are thousands of these weak, timid, puny men—half men—who can be made perfect specimens of manhood when the grand element that has been drained from their systems is restored. This element is Electricity. We know there is no strength, no vitality, in thousands of cures during my nearly forty years' practice in Electricity say the same. I have the greatest invention for self-treatment by Electricity the world has ever known, and so sure am I of what it will do that any man who needs it can have the use of my latest model Hercules.

## Dr. Sanden Electric Belt Free Until Cured.

I don't ask one cent in advance or on deposit, but upon request I furnish you the belt, and if you are well or satisfied in say two months, pay me the price—most cases as low as \$4.00. If not satisfied, return it and the transit with the C. O. D. shams advertised, as I send no goods C. O. D. unless you so order.

What would you not give to have your old vim back, to feel as you did a few years ago; to have the same snap and energy; the same gladness, joyous, light-hearted spirit and the physical strength you used to have? You might as well have these blessings, for my offer must convince you what I feel I can do for you. I will give you the use of the best Electric Belt the world knows—and you probably know I am the father of the electric appliance system of treatment—and advice gathered from the experience of nearly forty years' success in my line. But this cure does not mean that I am giving belts away, but does mean that you are not to pay me one penny until you are cured. By this method I do tenfold the business and good I would were I trying to sell "a pig in a bag." It pays great knowledge from long, successful experience is mine alone and free to my patients.

This offer is especially to men who want more strength and vitality, who suffer from impotency, drains, varicose, etc., but my belt also cures Rheumatism, Lame Back, Stomach, Liver and Kidney Troubles, general ill health, etc., and I give it on some terms. It is simply worn around the body while you sleep; in the morning you wake up full of strength and vim, prepared to face the world however you find it.

Call or write today and let me assist you to health and happiness as I have so many thousands others. I will at once arrange to give you my belt on terms mentioned above, and two best little books ever written upon Electricity and its medical uses. Free, sealed, by mail. Address:

**DR. T. N. SANDEN, 997 MARKET STREET, San Francisco, California.**

Office Hours 9 to 6. Sundays, 10 to 1. Oldest and Largest Electric Belt Establishment in the world.

**TOOK HEADER  
THROUGH WINDOW**

Carlo Tedesco, the 15-year-old son of James Tedesco of 66 East First South street, has the careless driving of a woman to thank for a badly cut hand and for \$20 damages that his father has to pay for a broken window. The boy was coming down State street on his bicycle and met a buggy, driven by an unknown woman, at the corner of First South street. The latter pulled her horse first to the right, then to the left, and the boy, to save himself from dashing into the buggy, ran over the pavement right into the window of the Elk saloon. Fortunately his head went between the doors, but the bicycle went through two double thicknesses of glass and then through the showcase of the cigar stand inside the saloon. The boy's hand was badly cut, the flesh being torn off the knuckles of two fingers on his right hand, and a large wound being made on his thumb. The woman who was the cause of the accident made herself conspicuously by her prompt and speedy absence.

Are you going to the World's fair? Engage rooms with the Deseret Accommodation Co., 1233 Missouri ave., St. Louis, Mo.

## The National Range

Of which we are selling so many, is giving our customers the best of satisfaction. It is fully guaranteed and a trial is allowed. Visitors are always welcome to come in and see the many good points of this Range. The Price is only—

**\$35.00**

**TERMS—\$3.50 Down and \$3.50 Per Month Month. No Interest.**

We have a full and complete line of Gasoline Stoves at Low Prices and Easy Terms.

Widows loan money to friends and sometimes lose nearly every dollar they have in the world.

Grocers and butchers, doctors and bankers, the large department stores and all of the smaller stores lose hundreds and sometimes thousands of dollars every year in trusting those they believe honest. Hundreds leave their bills unpaid and the merchants, bankers, widows, landlords, doctors, and all classes turn them to us for collecting. These bills are all honestly due and owing. Some of these bills are hard to collect. Some people intentionally avoid paying. We employ a great many people to assist us, but we need more help. We need the help of every man and woman and every bright boy in the State of Utah to assist us in the collection of these claims. Almost every person knows of some other person against whom we have bills for collection, and know where they are located and what doing. We will pay you for the information that will help us collect from them.

In every instance some one needs money and it is honestly due and owing. We want the people in every city, town and every block of every county to read this advertisement and assist us in collecting these honest debts. Sometimes the people will pay readily if the matter is brought to their attention at the right time. A pointer to us will enable us to find the debtor and will collect the debt immediately. We will pay you for the information. You may write us or call on us. In every instance the information is strictly private. Under no circumstances will the source of the information be divulged to any one, not even to the party for whom we are collecting. If it is a matter that concerns you and us and pertains to the collection of an honest debt for some one.

If you do not think of anything today, tell us when you do think of it. We will acknowledge receipt for all information and pay liberally for the same as fast as results are obtained. We know you can collect bad and slow accounts. Our facilities are the best and associated with us are some of the best legal talent in this entire Western country. We are equipped to collect any kind of a debt.

We are spending four thousand (\$4000.00) dollars this year in advertising our business and the commissions we earn on collections we make pay for it all and leaves us a handsome profit. Our success in the past has been due to hard, conscientious work on our part and earnest appreciation on the part of our patrons.

Does any one owe you? Do you want the money? Then see us or write.

**Merchants' Protective Ass'n.**  
Scientific Collectors of Bad Debts.
